

Quality, Health, Safety and Environmental (QHSE) Graduate Engineer

PSM are looking to expand our team and recruit an ambitious QHSE Graduate Engineer. The ideal candidate will be able to bring fresh ideas and new perspectives as well as the latest skills and knowledge to our business.

- Q - Ensuring PSM meets internal and external standards
- H - Protecting and improving the physical and mental wellbeing of our team
- S - Helping to keep both our team and interested parties safe
- E - Working to help to minimise the effects our operational processes have on the planet

More about PS Marsden (Precision Engineers) Ltd:

PSM specialises in high integrity precision engineered machining services for the UK and European markets, supplying mechanical test pieces, precision machined components, kits and mechanical assemblies.

PSM was established in 1972 by our Managing Director's Father and is still a family business today. We have a team of 40 people based in Colwick, Nottingham.

PSM are accredited to EN9100 and ISO 14001 and are proud to hold many customer approvals. We supply innovative engineering solutions to leading organisations in the Aerospace, Defence, Motorsport, Nuclear and Power Generation markets. i.e. BAE, EDF, McLaren, Mercedes and Rolls-Royce.

To find out more, visit <https://www.psmarsden.co.uk>

On a typical day in this role, you could be:

- Identifying new solutions to workforce safety risks
- Helping the business to understand contractual, legal and compliance requirements.
- Planning and undertaking QHSE audits.
- Analysing data, finding creative solutions and working collaboratively with managers and the team to improve processes.
- Supporting the engineering department through contract review and NPI

What are we looking for?

Our ideal candidate for the role will be a graduate with a minimum 2:2 degree in preferably either a mechanical engineering, environment/sustainability or a health and safety related discipline.

Key attributes and skills

- Excellent attention to detail
- Planning and prioritisation
- Friendly, polite, professional manner
- Driven, self-motivated, displaying a creative work ethic with the ability to hit deadlines
- A practical thinker, good at identifying problems and finding solutions
- Communication and organisational skills

It would also be an advantage to have:

- Customer focus
- Negotiation and influencing others
- Presentation skills

Benefits

- Competitive rate of pay
- Workplace Pension
- 25 days holiday per year, plus statutory Bank Holidays
- Life assurance scheme
- Flexible working arrangement
- Internal training and development
- Professional training required to undertake the role effectively
- Promotion/progression opportunities

Working hours: 39 per week

Mon - Thurs 07:00 - 16:00

Fri 07:00 - 12:00

Permanent contract with 3-month probationary period

Please note we are still operating with skeleton staff during the Covid-19 pandemic, and are still looking to recruit graduates*

How to Apply

The deadline for applications is: 30.06.2020.
